

Emergency Services Foundation Scholarship Scheme Recipients

1988-2016

1988

James Doyle	SES	Examination of Road Accident Rescue techniques in South Australia
Doug Quilliam	CFA	Examination of Road Accident Rescue techniques in South Australia

1989

Keith Adamson	MFB	Development of Emergency Service Training Complex Study of overseas experience
Fiona Hamilton	CF and L	Development Major Computer system for fire protection/suppression
Patricia Murdoch	SES	Surviving Emergency stress
Kevin Murphy	MAS	Retrieval and treatment for spinal case and litigation against paramedic and ambulance personnel.
Geoff Shepard	VICPOL	Study in ASU for certificate in Delinquency control

1990

Barbara Morgan	RLSS	Medical aspects of life saving-operations and technical equipment
Phillip Jordan	VICROAD	Traffic management to improve the safe transport of hazardous goods.
Doug Roberts	VICPOL	Emergency Management arrangements and DISPLAN
Alan Sullivan	SES	Educating and Informing the public in emergency management
Adrian Barry	MFB	Impact of Hazardous materials on the environment and Emergency workers

1991

Euan Ferguson	DCNR	Study in USA-investigation of forest and rural Fires
Ron Webb	CFA	The management of career and volunteer fire fighting resources
Greg Gibson	MAS	Study in USA E-System and role of quality assurance in pre-hospital emergency care
Michael Farrell	MFB	Emergency Service communications System

1992

Trevor Perkins	MFB	Philosophies, codes and principle for fire protection measures and practices for dangerous goods
Phil Harris	MFB	Use of multi-disciplined task forces to investigate arson
Andrea Hinwood	EPA	Environmental assessment and management of emergency incidents
Ross Penny	DCNR	Smoke management issues
Gary Tennyson	VICPOL	Airport Emergency planning and procedures
Paul Jerome	SES	Heavy vehicle rescue techniques and training methods

1993

David Nicholson	MFB	Management of Major emergency incidents ,Emphasis on impact civil disorders and terrorist actions on fire service procedures
Garry Lyttle	CFA	Training concepts of volunteer fire brigades in the USA
David Gray	CFA	Fire department response procedures

1994

Gary Arnold	VICPOL	Advanced explosives techniques course
Denis Rich	MFB	Provisions of Emergency medical services-Comparison of Identified models
David Ryan	MAS	Provisions of Emergency medical services-Comparison of Identified models
Frank Oliver	CFA	Fire and Emergency Service Alerting and communicating Systems
Bob Ross	MFB	Juvenile fire awareness and intervention programmes

1995

Bill McKendry	VICPOL	Development of Support structures relating to VicPol community safety and crime prevention strategy
Louise Avery	ARC	Registration and inquiry systems following evacuation in emergency
Andrew Matthews	DCNR	Study US fire detection mapping systems
Michael Walker	MFB	Disaster Management
Leo Van Der Tooren	VICPOL	Disaster Management

1996

Peter Seiz	VICPOL	Arson Investigation
Greg Bawden	MFB	Computer aided dispatch
Steven Cowling	MFB	Positive pressure ventilation and training Strategies

1997

Euan Ferguson	CFA	Fire Management of privately owned plantations
Kevin Loomes	VICPOL	Major incident media strategies-management of media in natural disasters
Peter Cocks	SES	Major incident media strategies-management of media in natural disasters
Gareth Davis	SES	Flood response and Mitigation strategies with table top exercises using PCs
Mark O'Connor	MFB	Urban search and rescue
David Self	MFB	First response role-MFB in emergency medical Service

1998

Faye Valcanis	DNRE	Reducing wildfires through education – investigating methods to bring about change
Roy Marshall	MFB	Fire legislation for public housing with emphasis on people with disabilities – use of multimedia for delivery of fire safety and training programmes
Stephen Warren	SES	Development and implementation of dam emergency management plans – community awareness preparedness and warning systems

1999

Gregory McWilliam	VICPOL	Arson and Fire incident monitoring system (AFI)
James Sams	MAS	Use of rapid sequence intubations in emergency medical helicopter programmed in the USA
Joseph Buffone	SES	Alpine wilderness search and rescue
Alan Rhodes	CFA	Investigating disaster resistant communities

2000

David Woods	MFB	Emergency management of fire fighting tactics in underground tunnels
Bruce knight	VICPOL	Recent developments in the control of CBR incidents. Identify best practice training and evaluate equipment.

Shane Wright **MFB** CBR preparedness response and recovery initiatives and strategies including initial response awareness and Skills Maintenance training, initial and ongoing impact on public health systems and multiple agency emergency management.

Anthony Pearce **RAV** CBR preparedness response and recovery initiatives and strategies including initial response awareness and skills maintenance training ,initial and ongoing impact on public health systems and multiple agency emergency management.

2001

Gary White **DNRE** Evaluation of systems to recognise and address safety issues promptly, effectively and universally and evaluation of systems which promote safe fire fighting behaviours and initiatives.

Sharon Landers **MFB** To investigate models of broad based community safety and injury prevention initiatives and coalitions with a view to greater fire service/emergency service involvement

Bruce Tobin **VICPOL** Releasing information via the internet during a crisis

2002

Robert Gatt **VICPOL** Interaction between professional and volunteer search and rescue services "hug-a-tree "programme

Mark Garvery **CFA** Use of geographic information system technology in unforeseen emergencies

2003

Craig Simpson **CFA** Simulations training-emphasis on multi agency response to terrorist incidents

Helen Bull **CFA** How emergency service environmental practices can be improved while maintaining efficient and effective delivery of services

Rodney Harris **MFB** To study and develop a teen-age driver education programme

John Fitzpatrick **VICPOL** To examine best practice in use of Dog-cam technology in search and other operations

Michael Vanderzalm **SES** Advanced motor vehicle extraction techniques, instructions and scenario building

2004

James Unkles **RAV** Helping the Helper-A study of CISM post September 11 and a comparative evaluation for the CFA and other Victorian Emergency Services

2005

John Cooke	VICPOL	Research in England whether the National driver improvement scheme (NDIS) can be applied in Victoria
Georgia Prattis	MFB	Study of Gender Equality in the UK and how this can be applied for Emergency Service Australia
Brett Boatman	CFA	Travel to Canada to study-Alpine/Cold Weather fire fighting techniques

2006

Paul Jennings	CFA	Incident reporting in the Pre-Hospital Environment
Neil Bumpstead	CFA	Integrated Emergency Services-Marine Emergency Response

2007

Glenn Jennings	CFA	Safer Vehicles, Safer Drivers
Adam Smibert	MFB	The use of fire bikes in other countries

2008

Jeff Green	CFA	Cardiovascular fatality prevention
Douglas Hocking	VICPOL	Emergency Planning Risk Management in the University Environment
Vicky Kyris	VICPOL	Using Corporate Anthropology to enhance the alignment of corporate support services with frontline operations

2009

Julie Harris	MFB	Knowledge transfer of vulnerable groups amongst various agencies
Mick Hermans	VICPOL	To consider the impacts of civil disturbance, obedience and public order in UK identifying best practice mechanisms in the emergency management of racial/religious events and the conflicts as part of event management
Peter Kueffer	VIC SES	To identify best practice on responder resistance and resilience
Michael Whitty	MFB	To consider expanded use of thermal imaging technology for responders

2010

Adam Barnett	VFB (Volunteer)	EMR peer support Research Project
Geoff Dunmore	VICSES (vol)	To study the latest developments in rescue vehicle and equipment technologies, design and practice

Rubyah Haouchar	VICSES (Vol)	Community education programs that support building community resilience
Rosie Keane	AMBVIC (Vol)	Strengthening the chain of survival
Tom Lowe	DSE	Building Community capacity to live with fire
Jonathan Payne	VICPOL	Management of OH & S of emergency service employees in uncontrolled environments and to seek out the best practice in mitigation
Ron Sheppard	AVCG (Volunteer)	Risk Management in recreational boating
Dalal Smiley	MFB	Achieving Diversity in Emergency service through positive action programs
Nigel Taylor	LSV	Lifesaving Victoria-Water safety for communities
Rohan Thorton	CFA (Volunteer)	To identify ways to improve the succession management of volunteers in senior positions
Graeme Winterton	VCC	Emergency Ministry (Volunteer)-Psychologist First Aid and Personal Support

2011

Linsay Bent	AMBVIC	Demand Modelling for medical response
Christopher Blackstock	CFA	Using social media to aid decision making during an emergency
Marianne Brereton	AMBVIC	Developing a model (HART) for paramedics to be deployed to major disasters
Stephen Luke	STJohn Amb (vol)	Evaluations of the impact on local health services of St John Ambulance pre hospital Medical Assistance team deployments at mass gatherings
Ross Mc Neil	VICPOL	Evaluate methods used to evacuate residents in constricted locations during wildfire
Peter Olthoff	VICSES(Volunteer)	Flash Flooding warning systems
Kate Riddell	AMBVIC(Volunteer)	Understanding of current best practice in mental health first aid training for front line emergency services volunteers
Angela Seach	CFA	Organisational responses to long term Psychological impacts of disaster on individuals and groups
Stuart Stuart	VCC Emerg Ministry (Vol)	Critical Incident stress management within the Government Arrangements
Jonathan Van Ek	MFB	Rapid extrication of time patients involved in motor incidents

2012

Matthew Anderson	VICPOL	Complete the multi-Agency (tactical) CBRN command course and acquire additional CBR training materials
Cliff Overton	MFB	Research into the planning and creation of resilient places through improvements in land use planning strategy, policy and regulation
Rick Owen	CFA	Post fire Atmospheric monitoring in structures for public and responder safety
Mark Swiney	MFB	Benchmarking systems and structures of large scale crisis management against outcomes of Emergency management Reform
Kerryn Wratt	AMBVIC	Improving pre-hospital care in remote and wilderness environments of Victoria, Australia
David Goldfinch	CSTGD(volunteer)	Investigation into development of crew protection systems for emergency services personnel working in the marine environment
Casey Nunn	AMBVIC (Volunteer)	Techniques used to improve leadership skills and other schemes for the recruitment and retention of volunteers-an international emergency service perspective
Fiona Sewell	CFA(volunteer)	Identify strategies to increase and sustain pre incident resilience in emergency service groups

2013

Kylie Abraham	VICSES (Volunteer)	Maximising engagement of volunteer participants in Emergency Services Training
Glen Bousa	CFA (Volunteer)	Utilising Water support units
Tony Bundock	CFA (Volunteer)	Investigate best practice models of building a resilient emergency and rescue service within a contracting fiscal environment
Michael Campbell	MFB	Investigating best practice in transferring emergency personnel and equipment to ships and strategies to combat marine fires and incidents
Carl Gibson	CFA (volunteer)	Training methods to improve decision making and safety
Andrew McKee	VICPOL	Identifying capability and capacity opportunities to improve the delivery and development of eLearning programs to benefit multi agency training and response at a state and national level
Stephen Walls	CFA	Multi agency training, Education and professional development for strategic level incident managers

2014

Faye Bendrups	SES (Volunteer)	Community preparedness, engagement and education
Paul Elso	CFA	Prepare, respond and manage train incidents in Victoria
Michelle Murphy	AMBVIC	High performance CPR
Duncan Worsfold	DEPI	3d's Animal disease

2015

Jason Behan	Victoria Police	Complete the Police National CBRN Centre, Coventry, United Kingdom, Multi-Agency CBRN Trainers Course.
Wendy Coombes	DEPI	Investigate best practice for use of detector dogs in emergency prevention and response biosecurity surveillance programs.
Georgina Davis	AMBVIC	Study Tour which will provide AV with information and development strategies on the best practice community cardio pulmonary resuscitation (CPR) and Automated External Defibrillator (AED) education campaigns.
Reegan Keys	EMV	Investigate best practice in the way warnings & information is provided to international communities during emergencies.
Wayne Rigg	CFA	Aviation Capability to Meet an 'All Hazards, All Agency, All year' Approach to protect Victorian Communities.

2016

Darren Conlin	MFB	Undertake a global study tour to identify, evaluate and assess initiatives and contribute to the development of a terrorism response capability framework for (non-law enforcement) response agencies.
Philip Richard Hawkey	CFA	Traditional Burning Practice Implications for planned burning in Victoria.
Gavin Charles Parker	CFA	Identify the best practices for the prevention, detection and suppression of fire in open cut brown coal mines, coal handling, transport and processing including power generation facilities.
Craig Shepherd	VICPOL	Gain specialist knowledge to develop Victoria Police Remote Piloted Aircraft & Systems Unit.
James Wong	CFA	'Air systems for emergency responders'. To explore the successful implementation of self-contained breathing apparatus technology and innovations, specifically targeting enhancements to emergency responder safety in irrespirable atmospheres within complex environments.
