

## ESF SCHOLARSHIPS POLICY

---

### Introduction

ESF scholarships are offered annually to eligible individuals to cover the cost of travel and related expenses to enable the recipients to complete a program of informal study that will enhance Victoria's emergency management capacity for the benefit of our community. Since 2024 scholarships have been provided with support from Rotary (donor).

### Purpose

The purpose of this policy is to provide guidance to scholarship applicants and the scholarship committee to ensure ESF scholarships are awarded and administered in a fair and transparent manner.

### Policy

The Emergency Services Foundation [ESF] will allocate and administer funds that provide annual scholarships to individuals [paid and volunteer] from its current member agencies (not associate members).

Previous unsuccessful applicants are welcome to reapply.

ESF staff and previous ESF scholarship recipients are precluded from applying again.

The ESF CEO will determine the total funds available for distribution as scholarships each year.

Individual grants will be calculated to cover the reasonable expense of economy class air travel, travel insurance, accommodation, ground travel and meal allowances.

Allowances are not paid for days of long air travel where meals and accommodation are catered for or for leisure days.

Recipients will be required to sign an Agreement and Indemnity form.

Scholarship grants make no provision for dependents or for completion of tertiary or other qualifications.

If it is mutually determined the Agreement to fulfill a scholarship commitment cannot be reached for any reason funds must be returned to ESF immediately.

### Scholarship Committee

The ESF CEO will annually appoint and oversee a Scholarship Committee charged with the evaluation of candidates for scholarships covered by this policy.

The Scholarship Committee will include four people including an ESF scholarship alumni, a Rotary representative, an ESF Board or MHAG member and a mental health expert. One member of the committee will act as Chair be responsible for documenting the assessment of applications and providing feedback in written form to the CEO.

A donor may not chair the Scholarship Committee.

Each member of the Scholarship Committee covered by this policy must disclose any personal knowledge of, and relationship with, any potential grantee under consideration. It is understood that committee members may champion proposals they are familiar with but must refrain from

participation in the selection process in a circumstance where he or she would derive, directly or indirectly, a benefit if any potential grantee or grantees are selected over others.
